Application number: **10093811**

Project title: **Catalysing domestic demand-side response through conditional commitment**

We are writing to invite you to pitch your proposal to the Energy Networks. Your pitch will be held via Microsoft Teams on

Monday 11th September 2023 at 12:05 : [Click here to join the meeting](#)

Please ensure that you are logged on to the call a few minutes before your pitch time.

Note: due to the volume of proposals received, we are unable to amend the date or time of your pitching session.

Tell us who will be attending

Two persons can attend the pitching session to pitch your idea and be present for the Q&A. Please email their names to

SIF_Ofgem@iuk.ukri.org

by **3pm on Friday 8th September 2023**. Please note, we will only admit individuals whose names you have given us to your pitching session – additional attendees will not be admitted.

Hints and tips for your presentation

Your presentation should:

.
give an overview and / or more detailed information on your proposal that you were not able to put across in your written application

.
use the opportunity as a chance to clarify / elaborate on any points you feel you were not able to sufficiently put across in your written application

.
be representative of the allocated time,
no more than 10 slides and should not include videos or external links

not include any confidential or commercially sensitive information that you do not wish to share with the Energy Networks

Energy Networks present at your pitching session will have reviewed your proposal in its entirety, as submitted into the Innovation Funding Service (IFS).

Pitching format

The format of the session will be a 7 minute presentation of your idea followed by a 5 minute Q&A from the Energy Networks in attendance.

The timings will be strictly enforced, so practice your pitch in advance and use your time wisely.

It is important that we can see the full face of the person who is talking at the time whether presenting or answering a question, so we know who we are addressing and so that any attendees with a hearing impairment can lip-read.

Please be aware that your pitch and Q&A may be recorded and shared with Energy Networks not able to attend your pitching session.

Additional information

Being invited to pitch your idea, does not guarantee your proposal being taken forward or a future partnership with an Energy Network. After the pitch, if the Energy Networks decide to take your pitch forward we will arrange a direct introduction to the relevant people. If your proposal is not taken forward, we will endeavor to provide feedback.

As noted in the Call for Ideas Brief document, the Energy Networks will be directly accountable to you for their holding and processing of your information, including any personal data and confidential information. Data is held in accordance with their own policies.

Please contact SIF_Ofgem@iuk.ukri.org if you have any questions.

Kind regards,

Ofgem Strategic Innovation Fund | Innovate UK, UKRI

Hi folks!

We've been invited to pitch our SIF idea on Monday 11 September 2023 at 1205 – more info below.

We need to confirm which two people will present by 1500 this Friday 8 September 2023.

I'm imagining our best bet would be to have one representative from each organisation if you're able to be involved – please can you let us know?

Zarino and I are pretty clear tomorrow if you'd like to get together to discuss (ideally not 1200-1300) – please feel free to suggest a time if that's useful.

I'm about to take lunch and then in a meeting until 1500 today, but can kick off a slide deck and outline structure after that if helpful.

Thanks!

Siôn

To: Siôn Elis Williams <sion@mysociety.org>

Hi Siôn

Can I just check - was this meant for me?

Matt

Hello again!

Added the wrong Matt (@ NEA) in haste, so just correcting that!

Matt – Please see original email below.

Apologies!

Really sorry for the scare Matt!

Hope you're otherwise OK and hope to catch up again soon.

All the best for now!
